North Miznon and Chef Eyal Shani Land in Geneva at Chez Calvin

North Miznon, a flagship of **Israeli Chef Eyal Shani's** ever-expanding global culinary empire, will soon arrive in Switzerland. **Beginning Tuesday, April 18, 2023**, North Miznon – which already operates hugely-popular branches in Tel Aviv, Singapore, Vienna, Dubai and New York City – **begins a multi-month residency at Geneva's beloved Chez Calvin Brasserie & Bar**. More than a mere “pop-up,” North Miznon – and its market-driven, family-style, effortlessly-shareable dishes – will project a new dimension to what is already **one of Geneva's most exciting dining destinations!**

North Miznon occupies a prime position among Chef Shani's 40+ restaurants around the world. Far more than a meal, **a visit to North Miznon is a true epicurean adventure**. Friends, families and loved ones gather to enjoy Shani's mod-Mediterranean menu amid a lively, occasionally raucous, and always celebratory atmosphere.

AN EPICURIAN ADVENTURE LIKE NO OTHER

Like at every Shani outpost, North Miznon is rooted in dishes that honor the bounty of both the land and the sea. **Its menus typically change daily and are rooted in the freshest fish and seasonal vegetables** – as well as sensibly-raised poultry and the highest-quality meats. They're all translated into flavor-rich, beautifully presented dishes that are meant for sharing. Along with fresh homemade pastas – and exquisite, indulgent desserts – **these are dishes that create a sense of community and vitality at every table.**

WITH ITS REFINED-YET-RELAXING ATMOSPHERE, CHEZ CALVIN IS THE IDEAL LOCATION FOR NORTH MIZNON TO LAND IN SWITZERLAND

Opened in 2017 by Swiss restaurateur Fabian Affentranger and set in the heart of Geneva's century-old former Town Hall of Eaux-Vives, Chez Calvin operates with a similar, seasonal approach to elevated dining. With its soaring ceilings and elegant, light-filled, wood-paneled interiors, **Chez Calvin effortlessly blends Old World**

sophistication with contemporary design elements. Shani's North Miznon pop-up – which also features a range of exceptional vegan and vegetarian dishes – further establishes **Chez Calvin as a leader in Geneva's fine-dining scene.** Chez Calvin is chic, sexy and full of life – just like so many of Chef Shani's restaurants around the world.

HOURS OF OPERATION

Chez Calvin will operate Tuesday through Saturday with Chef Shani's North Miznon pop-up beginning first with dinner only. Lunch will commence in the late Spring.
